## Understanding & Internal Auditor ISO 45001:2018 (Health & Safety Management Systems)

### Objectives

By the end of this two-days course, participants will be able to:

- Describe the purpose of well-defined and managed quality management systems
- Assist in the implementation of a management system based on ISO 45001:2018
- Recognise existing control mechanisms in place which minimize risk and ensure quality
- Discuss the importance of audit to the internal and external workings of a business
- Use ISO 45001:2018 as a framework for continual improvement

### Who the course is for

Those who will be involved in the internal auditing program of their organization's Health and Safety systems:

- Quality Managers/Auditors
- HSE Advisors
- Line Managers & Safety Representatives

Though not essential, some previous experience of OH&S Management Systems may be desirable. Delegates are expected to have a good basic knowledge of occupational health and safety.
